Would you like to join the ADCHE Advisory Board? If so please send a short 50-word biography (or a link to your online biography) and 150 words saying why you would like to be considered to ADCHE@dmu.ac.uk.

Experience of supporting the development of academic/research writing in creative education is essential and a publication record in this area is welcome.

Advisory Board members will support the development of content for the journal by peer reviewing a minimum of two submissions a year. They will also be able to propose books for review and ideas for guest/themed editions. Working with the Editorial Board, the Advisory Board will help shape the direction of the journal.
