

International Journal of Education Through Art

ISSN 1743-5234 | Online ISSN 2040-090X
3 issues per volume | First published in 2005

The journal seeks reviewers who can provide constructive analysis of papers as the journal continues to enhance its reputation as an international journal.

Reviewing for an international journal is often perceived as a significant contribution to the field of art education making it an attractive act of service for both emerging and established scholars. The submission and review process for the journal is managed online through Open Journal Systems and so familiarity with this system is advantageous, though not essential. The journal publishes both academic and practitioner articles and so reviewers from both sectors are welcome.

Appointments are for three years in the first instance. Reviewers should join InSEA if not already members – for a full list of benefits and how to join, please visit www.insea.org.
